TECHNICAL SHEET
KNIFE SHARPENER REF. 6106

DESCRIPTION

Manual knife sharpener made of ABS with an ergonomic TPE surface.

The sharpening system uses a two-stage process to restore the edge of your knives. The first stage sharpens the blade using carbides and the second stage eliminate burrs using ceramic.

Easy to use, with the right cutting angle, no scratches on the blade surface and without hot.

ARCOS STANDARDS:

- UNE-EN-ISO-9001:2008 “Quality Management Systems”.
- General Foodcontact and Healthy Certificate 39.03065/AB.
