

## Our Purpose Is To Enrich Outdoor Spaces

We believe in the power of design and its ability to influence and elevate the quality of public space. High quality products and outstanding customer experience makes us one of the world's premier designers and manufacturers of outdoor commercial furnishings.

If you like the Austin bench, you'll love this litter.

Landscape architect Bob Chipman hit all the right notes in his design of a receptacle that's an ideal companion to its namesake bench and a handsome stand-alone solution for a variety of outdoor settings. Shared Austin themes are reflected in the tapered conical body and ribbing of the litter that echo the tapered supports of the bench, and in the "bird's mouth" lid that mirrors the relation between the bench seat and back. The ribbing frames the unit's side door, adding visual interest and providing functional support for the door hinges. A domed stationary lid shields contents from view and helps keep out rain and snow.

## Austin Litter Receptacle Specifications

Top and side opening litters are available with or without lock. With a 34 gallon capacity, litter can be freestanding or surface mount. Fabricated with carbon steel body panels, cast aluminum top, and cast iron base. Litter is finished with exclusive Pangard II® powdercoat finish. Black polyethylene liner comes standard with litter. Shipped with freestanding glides that remain in place for surface mounting. Litter ships fully assembled.
