# 36 KEY COMMANDER KEYBOARDS WITH 25mm TRACKBALL

IP65 sealed

This "commander" is built around 36 short travel, tactile feel switches - numeric, function and control keys - and a compact 25mm trackball. The condensed but well defined key layout combined with the use of a compact trackball enables a fast and comfortable access to the most important machine commands and an accurate control of the cursor. Typical applications are navigation control, general machine control, public access terminals, security systems, .. and any applications requiring only a limited number of key functions with easy, fast and comfortable access and control.

MAIN FEATURES

- 36 short travel keys with tactile feel, 2.55N operating force
- Integrated 25 mm industrial grade trackball with removable ball

Panel mount version
- Front of panel mounting by eight M3 mounting studs
- Added silicon sponge seal for perfect sealing into the user's panel
- Dimensions / weight : 182 x 135 x 25 mm / 0,3 kg

Enclosed version
- The keyboard is mounted in a very stylish and robust ABS housing
- Dimensions / weight : 212 x 165 x 27 mm / 0,7 kg

IP65 **25mm**

GENERAL TECHNICAL SPECIFICATIONS
