

LED torch

II 3 G Ex ic IIC T4 Gc

2400mAh battery

Dual SIM

1,3MP Camera

3W amplified speaker

Bluetooth® 3.0

Dust- and waterproof

Push to Talk ready

Push to Talk uses the data connection of the smartphone to establish a direct connection to one or more participants by the simple push of a button, similar to a global walkie-talkie.

High capacity battery

The powerful 2400mAh Li-Ion battery results in a unequalled stand-by time of up to 600 hours and up to 10 hours continuous talk time.

Via USB On-The-Go other USB-powered devices can be charged by the USB-Master at the side of the phone.

Powerful Speaker

With the additional 3 Watt amplified speaker at the back, the phone is loud enough to be used as Remote Speaker Mike over Bluetooth®.

LED Torch

The high power LED torch is placed at the top of the phone, so it can be used like a normal torch.

Package Contents

CHALLENGER 2.x mobile phone
Lithium ion battery 2400 mAh
Wall charger USB
Quickstart and Safety Instructions
USB data cable

Optional Accessories

Lithium ion battery 2400 mAh
Wall charger USB
