

NEXT

Ecoeficiência ao seu serviço!

A NEXT é uma gama completa de armários para conservação alimentar, em temperatura positiva ou negativa, concebidos para o exigente serviço profissional. Os modelos refrigerados alcançam a "Classe B" de eficiência energética, o que se traduz numa real poupança na fatura de energia, face aos equipamentos tradicionais.

Eco-efficiency at your service!

NEXT is a complete range of storage refrigerators and freezers, designed for the demanding professional service. Service refrigerators are rated with ecolabel "B", which results in real savings in the energy invoice when compared to traditional refrigerators.
