

Oxbo's Pixall CP100 & BH100

One-Row Fresh Market Vegetable Harvesters

Oxbo delivers the benefits of mechanical harvesting to fresh market corn and bean growers:

- Easy, reliable operation
- Reduced costs and reduced labor
- Fast, high volume picking capacity
- Clean, hand-picked quality

For the first time, Oxbo is **offering a three-year lease program with low annual payments, making mechanical harvesting affordable, regardless of the size of your operation***. Putting a Pixall™ by Oxbo to work for you has never been this easy.

Give your operation the edge: reduce your costs, reduce your hand labor requirements, and increase your control.

* Lease program OAC and varies by location. Call for details.
