Duoblade F

High capacity tray
For automatic up to 1000 sheets

Dual blade
Using 2 cutting heads for double speed. Automatic spacing adjustment between cutting heads from 30mm to 190mm.

Fabric feeding belt
Better durability unstretchable and no dust contamination.

Stable Feeding I
Vacuum power of suction belt can be controlled to support various sizes and weight of paper (max. 400μ).

Adjustable basket
Basket angle can be adjustable in 6 levels for convenience.

Stable Feeding II
Different airflow can be adjusted on each air brush slot for effective separation to prevent double feeding.

Longer media support
Paper collecting basket supports max. 630mm length of paper size.

Stable Feeding III
Paper height sensor can control the height of the top paper to prevent both jamming and double feeding, depending on paper type.

Specifications
